

Voltage-dependent Anion Channel 1 (VDAC1), Superoxide dismutase 2 (SOD2) and Vinculin Loading Control (all samples loaded in 2 gels; n=4)
X = not included in the manuscript figure

Figure 3A₁

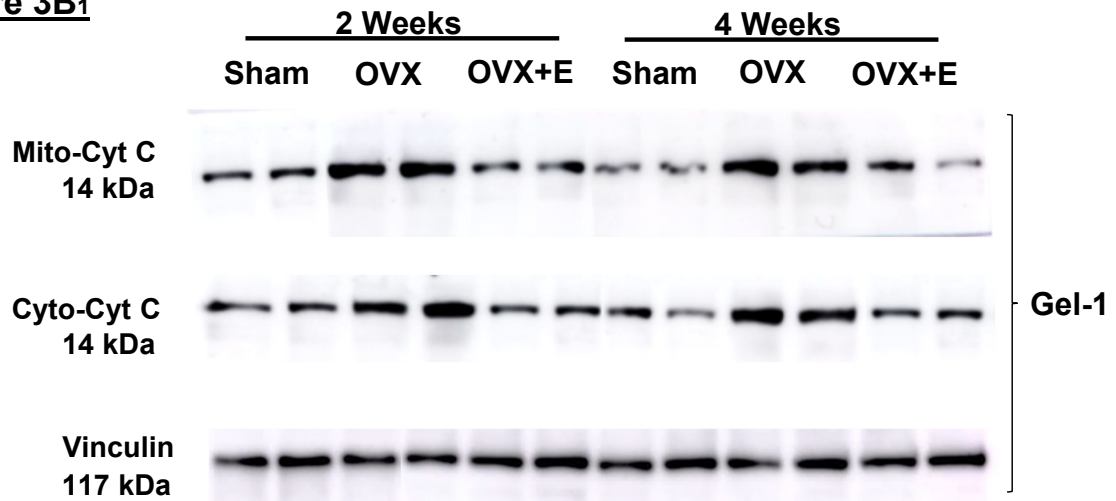

X

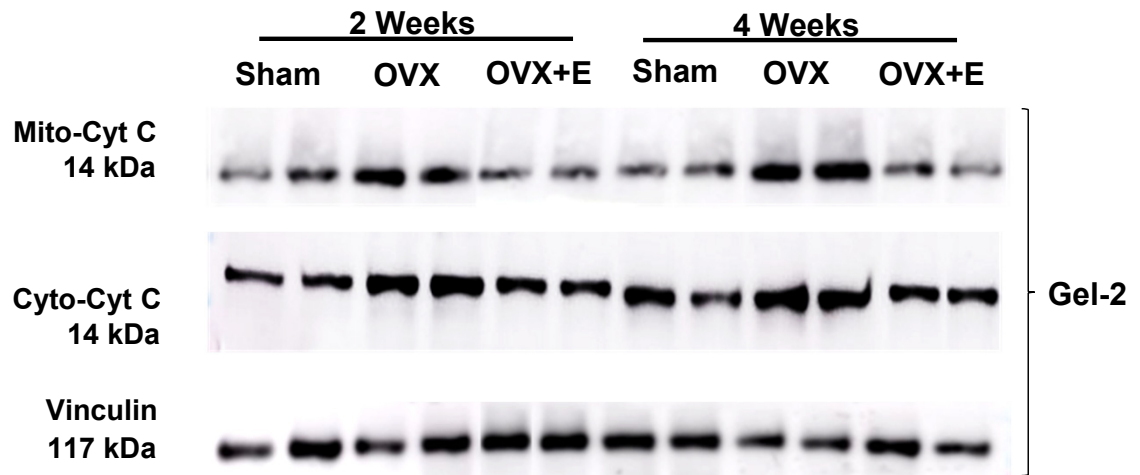

Mitochondrial (Mito-Cyt C) and Cytosolic (Cyto-Cyt C) cytochrome c and Vinculin Loading Control (all samples loaded in 2 gels; n=4)
X = not included in the manuscript figure

Figure 3B₁

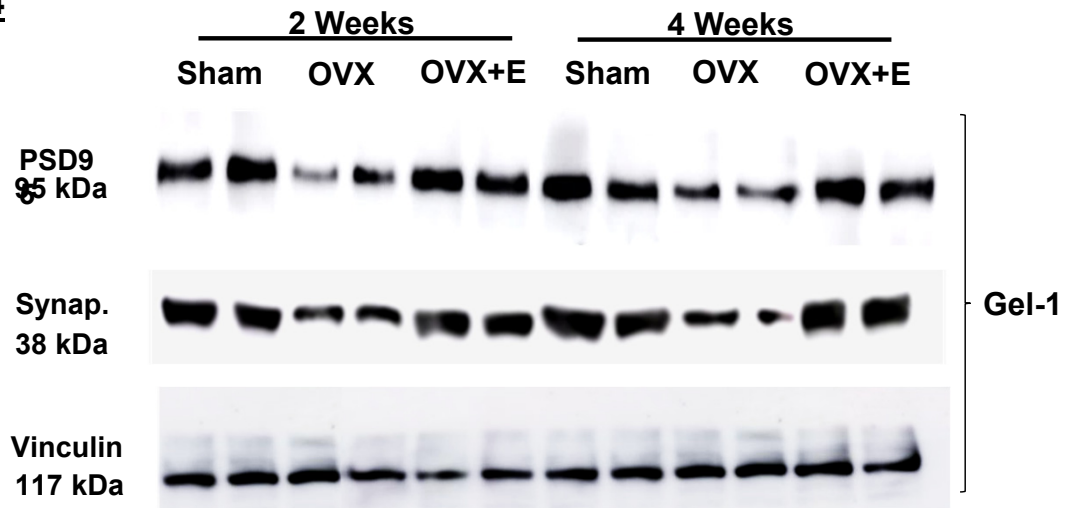

X

Postsynaptic density protein (PSD95) and synaptophysin (synap.)
and Vinculin Loading Control (all samples loaded in 2 gels; n=4)
X = not included in the manuscript figure

Figure 4
